## PayNearMe Enhances Cardless Cash Access to iGaming Firms Through NCR Atleos' API Platform

October 23, 2023

ATLANTA--(BUSINESS WIRE)--Oct. 23, 2023-- [NCR Atleos](#) Corporation (NYSE: NATL) ("Atleos"), a leader in facilitating banks and retailers to deliver best-in-class self-service banking experiences for consumers, today announced that [PayNearMe](#), the payments company designed to manage the complexities of iGaming and sports betting, will add Atleos' API-based technology to the Cardless Cash at ATM feature in PayNearMe's MoneyLine™ platform.

Nine of the 10 largest online gaming operators and 16 of the top 17 largest online casinos in the U.S. leverage PayNearMe's technology. By enhancing the company's Cardless Cash at ATM solution with Atleos' API-based solution, PayNearMe will enable their clients to offer players the ability to withdraw cash from their account at thousands of ATMs at convenient retail locations with a simple, secure code delivered through their iGaming and online sports betting applications.

"Atleos' cardless cash access API eliminates the friction points associated with traditional methods of accessing cash from a gaming app, making it easier than ever before for our customers and their players to receive their winnings in cash," said John Minor, Chief Product Officer at PayNearMe. "With Atleos' innovative technology and expansive nationwide footprint of ATMs, our clients can provide the option for players to easily access their winnings from the convenience and safety of stores they're already frequenting."

"Cash remains an integral part of the player experience. With a scaled physical infrastructure powered by our unique API offering, PayNearMe is enabling their clients to enhance the user experience and attract more players by giving them the option to withdraw their winnings from thousands of conveniently located ATMs across the country," explained Stuart Mackinnon, Chief Operating Officer, Atleos. "This relationship will help drive foot traffic to partner merchants with supported ATMs in a scalable, self-service manner."
